HIGH HONOR FOR TAFT.

President Elect to Be Principal
In Unusual Affair.

TO BE MASON AT SIGHT.

Distinguished Company of Ohio Mem-
bers of the Order Will Gather at Cin-
cinnati Feb. 18 and Assist Grand
Master of State in the Ceremonies.

Cincinnati, Feb. 2.—Grand Master of
Ohio Masons Charles Hoskins of
Zanesville, has tendered to Hon. Wil-
liam H. Taft the rare and high honor
of being made a Mason at sight.

Judge Taft has accepted and will re-
turn to Cincinnati on Thursday, Feb.
18, when the grand master will con-
vene a distinguished company of Masons
in the Scottish Rite cathedral and
exercise highest prerogative, which
belongs only to grand master Masons.

This honor is rarely conferred, there-
being but a single instance on record
in 100 years in the history of Masonry
in the Buckeye state.

JURORS ON TRIAL.

Judge Hart Gravely Insists That This
Action Is Being Taken.

Nashville, Feb. 2.—Many people are
under the impression that the trial
now in progress here is that of Colonel
Duncan Cooper, Rankin Cooper and
John Sharn ~~charged with the killing~~ of former Senator Carmack. Judge
Hart, however, gravely insists it is
the jurors who are on trial, that two of
the jurors who have been convicted and excused on
charges.

When court opened Tuesday nearly
all the fourth venire of 500 men were
present. They nearly filled the court-
room. Further consideration of the
Whitworth matter was postponed until
the venire which was present in court
had been examined.

In order to facilitate the examina-
tion a recess was taken until counsel
on both sides had scrutinized the
panel.

MISS MALONEY MARRIES.

She and Arthur Herbert Osborne Uni-
ted in Wedlock in Catholic Church.

Philadelphia, Feb. 2.—Miss Helen
Maloney of this city and Arthur Her-
bert Osborne of New York, were car-
ried Tuesday by Rev. Stephen Lyons
at St. Catherine's Roman Catholic
church, Spring Lake, N. J., where
Martin Maloney, father of the bride,
has his summer home.

The above action on the part of
Miss Maloney and Mr. Osborne, it is
said, was taken with the full sanction
of the church.

MACK TESTIFIES.

Chairman of Democratic Committee
Before Federal Grand Jury.

New York, Feb. 2.—Hon. Norman
E. Mack of Buffalo, chairman of the
national Democratic committee, was
the first witness called Tuesday be-
fore the federal grand jury which is
investigating the Panama canal libel
case against the New York World.
After testifying half an hour Mr. Mack
was excused.

Sanitarium For Red Men.

Hot Springs, Ark., Feb. 2.—The local
lodge of the Imperial Order of Red
Men purchased the site of the Burling-
ton hotel which is to be rebuilt and
make a national sanitarium for the
members of the order in America. The
property is situated on Park avenue,
and immediately a franchise for the
piping of the water from the hot
springs to the property will be made
to the government. The national or-
ganization has made an assessment
aiding the proposition.

What Each Plate Costs.

New Orleans, Feb. 2.—It will cost
\$25 to attend the Taft banquet here
on Friday night, Feb. 12. This was
decided upon by the executive com-
mittee in charge of the details of Mr.
Taft's reception on his approaching
visit to New Orleans. It is expected
at least 1,000 persons will attend the
banquet. The war department has ad-
vised that the military band at Fort
Barancas, Fla., will be sent here for
the occasion.

Go to President.

Washington, Feb. 2.—The importa-
tion of opium into the United States
except for medicinal purposes is pro-
hibited by a house bill passed by the
Senate. The bill becomes a law when
signed by the president.

DRAINAGE ACT PASSES.

Remedies Defects in Law as It
Now Stands.

Austin, Feb. 2.—Senator Masterson's
drainage bill, amending the drainage
act of the Thirtieth legislature and
curing defects found in the law by the
attorney general's department, was
passed finally Tuesday in the senate,
as was also Senator Meacham's bill
creating a board of examiners for
trained nurses.

The senate accepted an invitation
presented by Senator Masterson of
Galveston, on behalf of citizens of Gal-
veston, for the senate to visit that
city at the conclusion of the visit of
the legislature at Houston, next Sat-
urday and Sunday.

The first railway consolidation bill
of the present session appeared Tues-
day, when Senator Veale introduced a
measure authorizing the Wichita Falls
Railway company to purchase and op-
erate the Wichita Falls and North-
western railway and Wichita Falls and
Southern railway.

Senator Seiter introduced a bill to
protect the present corporation court
law so as to give corporation courts
concurrent jurisdiction with county
courts and enlarging its purposes.

The submission resolution came up
again in the senate, Senators Watson,
Greer and Paulus speaking.

Senator Watson spoke against sub-
mission, declaring that the Democratic
party of Texas was overriding the con-
stitution and acting against the wishes
of the people of the state. He be-
lieved that the people of his district
would be unfaithful to his trust were
he to ignore the wish of the people who elected him, he de-
clared.

Senator Greer spoke for submission,
taking the position that it is a plat-
form demand and should be respected
by the legislature.

Senator Paulus spoke against sub-
mission. He said he represented a
people who were God loving and God
fearing, and no amount of driving
would induce him to vote against the
wishes of his people.

The house committee on common
carriers reported favorably the Bryne
bill, requiring railway corporations to
have repairing of engines and other
machinery done in the state.

Legislative Notes.

Austin, Feb. 2.—From what can be
learned the majority report of the
committee on criminal jurisprudence
killing the Bowles bill, prohibiting
Sunday baseball, will be adopted in
the house when the question comes up.
The committee reported adversely
on the measure.

The house committee on peniten-
tiaries reported favorably the bill ap-
propriating \$150,000 to improve and
establish a cotton factory at the pen-
itentiary.

Large delegations from all over the
state are here to protest against the
passage of the anti-bookmaking bill.

Representative C. C. Pierce of Webb
county, a Republican member of the
legislature, is critically ill.

HITS WIFE WITH AX.

Chased Mile and Seeing Arrest Un-
voidable Cuts Throat.

Dallas, Feb. 2.—While Lizzie Jones,
a negro, was bending over the wash-
tub early Tuesday washing clothes her
husband, Charles Jones, forty years
old, crept up behind his wife and hit
her in the head with an ax, causing
injuries that attending physicians pro-
nounce fatal.

Immediately after dealing the ter-
rible blow Jones fled. After being
pursued a mile by officers and others
he hid in a clump of trees. When
taken in charge it was found the man
had cut his throat, the wound being
declared mortal.

San Antonio, Feb. 2.—After a hard
fight for habeas corpus W. H. Irvin,
a prominent stockman and former
chief of police, charged with the mur-
der of Edmond Gabriel, a negro, was
granted \$10,000 bail by Judge Dyer.
The killing took place Jan. 23. On
account of the high feeling Judge
Dyer ordered a change of venue. The
case will go to Comal county. Irvin
made bond.

damage suit ever recorded in the
district court here was filed by

\$100,000 from the Houston and Texas
Central railroad for injuries received
Dec. 3, when Hickman's hands and feet
were mangled by a freight train. The
plaintiff resides at Ennis.

PANAMAIS PROTEST.

Rainey's Reference to Obaldia
Termed "Slanderous."

Panama, Feb. 2.—The national as-
sembly has unanimously approved a
resolution protesting against what is
described as the "slanderous" asser-
tions made by Representative Rainey
in the American congress against
President Obaldia, which assertions,
it is declared, deserve to be considered
only because of the official character
of the one who made them.

The Pacific Mail steamer Newport

PRESIDENT OBALDIA.

was used Tuesday for the first time
in the new Pacific entrance to the
canal, which has been deepened to a
depth of thirty-five feet. Only a few
persons witnessed the departure of the
boat, which left her dock and
steamed to the right of Naos Island,
ploughing through the water of the
canal. The Newport was gaily deco-
rated with bunting.

COCKLEBURN OIL.

Experiment Has Proved Successful
and May Be Cotton's Rival.

Jonesville, La., Feb. 2.—The de-
sisted cockleburr bids fair to become
a product for cultivation. The experi-
ment was made in a mill erected for the purpose at Vi-
alia, La., said to have proved suc-
cessful. Farmers of this section have
gone in for its gathering on a large
scale. The promoters of the plan say
the future may develop cockleburr
plantations in place of cotton ones.

Will Resist Portion.

St. Louis, Feb. 2.—The Waters-
Pierce Oil company will resist the
adoption of that portion of the Stand-
ard Oil Company of Indiana's propo-
sition to the supreme court of the
state which deals with the disposal
of the Waters-Pierce stock held by the
Standard Oil Company of New Jersey.
This was the word that came unof-
ficially from the company's offices, a
personal friend of H. Clay Pierce be-
ing the spokesman.

Will Discuss Wild Beasts.

Roanoke, Va., Feb. 2.—Colonel Fran-
cis Ferreri, who is wintering here with
a large menagerie, has had a tele-
phone communication from the White
House, he says, in which President
Roosevelt arranged for a meeting with

the president proposes to seek wild
beasts.

T. P. BOYETT.

For City Secretary
JOHN B. HINES.

BRYAN, TEXAS, FEBRUARY 3, 1909.

Let us hope that Taft will exert the big stick for a gavel.

Old winter seems to realize that time is short and is putting in his ticks.

The boy or girl who learns to appreciate newspapers will not grow up ignorant.

If that Arkansas device to prolong isn't a fake it will prove to suffering humanity.

When South Texas is developed Bryan will be on the line between the orange belt and the peach belt.

Representative Burleson will prove a strong candidate for governor in 1910. But there are others.

Multiplying courts does not better service, but it increases the number of time-wasters and tax-eaters.

Galveston island wants to be annexed to the mainland and the way they are building will do trick.

The court of criminal appeals is no longer a perambulating come but will have a fixed habitation Austin.

The people of Southeast Texas are not shedding tears because so great misfortune has befallen them. It's the smoke.

Those protracted debates on prohibition at Austin are costing the people a lot of good money and doing body any good.

All the time spent by the legislature in discussing the prohibition question is wasted. Nobody expects that will change a single vote.

STOMACH AGONY.

Abolish the Cause, and Misery and Disease of Indigestion will Vanish. Can indigestion be cured? Hundreds of thousands of people who suffer from belching of gas, biliousness, sour stomach, fulness, nausea, shortness of breath, bad taste in mouth, foul breath, nervousness and other distressing symptoms, are asking themselves that question daily.

And if these same doubting dyspeptics could only read the thousands of sincere letters from people who once suffered as badly as they do now, but who have been quickly and permanently cured by the use of Mi-o-na, the mighty dyspepsia remedy that cures by removing the cause, they would go to E. J. Jenkins this very day and get a large box of Mi-o-na tablets, and start themselves on the right road to health an once.

The price of Mi-o-na tablets is only 50 cents, and Jenkins guarantees them to cure indigestion or money back.

Thin or lean or scrawny people will find in Mi-o-na a maker of flesh and blood, because it causes the stomach to extract more nutritious matter from the food, which quickly enriches the blood.

The governor returns to the capitol. He approves the bill creating a new district court in Dallas county and announces he will appoint James C. Roberts as judge.

Take the Bridles Off.

The first decisive action of the legislature as indicating whether or not the plank in the Democratic state platform declaring the need for the investment of capital in this state, and the pledge to deal fairly with investors, was taken in the House Monday, when that body passed to engrossment the bill by Mr. Ray amending the act of the Thirtieth legislature fixing the fees for charters and permits of loan companies.

A number of the permits of foreign loan companies are about to expire.

Under the law of 1907 they would have to pay for new permits upon their entire authorized capital stock, notwithstanding some of them operate in all countries of the globe.

The bill, passed part way Monday, will require them to pay only upon the portion of their capital employed in the disposal of the party.

"H. B. Rice, Mayor of the City of Houston.

"R. M. Johnston, President of the Houston Business League.

"George P. Brown, Secretary."

Fitzhugh secured permission to print 1000 copies of his bill, providing for a rigid regulation of saloons.

Wortham called up his resolution

for a joint session of the house and

senate committee on insurance to pre-

pare an effective insurance law.

By a close vote—36 to 38—the resolution

failed. Hill gave notice that he would

move to reconsider the vote by which

the motion was lost.

The bill making burglary of a pri-

ate residence at night a felony pun-

ishable by death was called up by the

author, Robertson (Bell), who made

an impassioned speech in support of

Ballenger's bill relating to the op-

eration of the road law in Jack county

was ordered to engrossment.

Hightsmith's bill confining the juris-

isdiction of the criminal district court

of Harris and Galveston counties to

Harris county, conferring criminal ju-

risdiction upon the Galveston county

district court, and providing that the

judge and clerk of the Harris county

criminal district court shall be elect-

ed instead of appointed by the gover-

nor, was passed to engrossment.

Mr. Meachum's bill requiring county

judges to have at least two years' ex-

perience in the law was passed in or-

der to investigate its constitutionality.

Favorably, Mr. Ward's bill authorizing

injunctions in land controversies,

where sales under executions would

cloud title to the property.

Considered Mr. Senter's bill making

effective and enforceable mechanics'

liens.

V. S. Berry of Dallas appeared in

support of the bill in behalf of the car-

penters, and A. O. Watson of Austin

asked that architects be inserted so

that they would be protected.

Auditors' Bills Reconsidered.

The county auditors' bill was again

the subject of discussion before the

House Committee on Counties Mon-

day.

Friday's Doings in the Senate.

When the Senate convened Friday

it heard the usual large number of pe-

titutions read for and against the several

bills which have attracted general no-

tice.

On motion of Senator Watson the

bill to require the Court of Criminal

Appeals to sit only in Austin was

made a special order for Monday.

The bill by Senator Bryan creating

the Sixty-eighth Judicial district and

reorganizing the Thirty-second and

Thirty-fourth Judicial districts was fin-

ally passed.

Senator Thomas took the floor and

spoke in behalf of the submission reso-

lution. At the outset he said that

the time for speechmaking was draw-

ing to a close, and that really

speeches were useless at this stage be-

cause the minds of the senators were

made up as to how they would vote.

He disliked impulsive motives, but

said that he did not believe that those

opposing submission were showing

"honest" sentiments of an honest

heart. He promised to call a spade

a spade and be frank throughout.

Rate Bill Reintroduced.

Austin, Tex.—Mr. Moller Friday withdrew the general rate bill introduced by himself and his colleague, Mr. Johnson, and reintroduced it in corrected form.

Austin, Tex.—Sam Dixon of Mont-
gomery county has accepted the position
of chief clerk in the Department
of Agriculture to succeed E. W. Winkler,
who will be state librarian. Mr.
Dixon at present acts as state nursery
inspector.

Deficiency Bill of \$50,000.

Austin, Tex.—The deficiency bill be-

ing prepared by Senator Willacy will

this year provide only for \$50,000. This

is a sum \$350,000 less than was nec-

essary in 1905 for the deficiency.

Senator Willacy says that this has de-

creased since he has been chairman

of the Finance committee, and thinks

that it is in a large degree due to the

clause attached by him on the appro-

priation bill not allowing appropriated

funds to be diverted from their orig-

inal purpose.
